

MOTHER LEAVES BABY WITH WILLIAM GAYNOR AND THEN DISAPPEARS

Mr. Gaynor Calls Police When Infant Checked With Him Grows Troublesome.

William Gaynor, seventeen years old, whose business it is to check babies with their mothers going shopping in the A. C. Flanagan Company's department store, at Westchester and Third avenues, the Bronx, has decided that his namesake in the City Hall doesn't have nearly so many troubles in running the city as William, the younger, does in lifting his job as "Admiral of the Baby Carriage Fleet."

Last night, at 6 o'clock, all of the hundred and fifty babies who had been left in William's care during the afternoon had been called for except one. William waited some time after the regular closing time, and still the baby was uncalled for. As the minutes crept by after 6 o'clock both William and the baby grew visibly nervous. Although William has taken care of from one hundred and fifty to two hundred babies daily for some time, he had never before been left with one on his hands. After a brief consultation with the baby, who was about two weeks old, William notified the police.

When Lieut. O'Rourke heard that William Gaynor desired his services he lost no time in sending Patrolman Rooney to the store. When he arrived the officer's indecision and bewilderment were added to the indecision and bewilderment of William, the employer and the baby, which produced in all considerable indecision.

The baby saved the day, however, by making unmistakable signs that he found his confinement irksome, and that he would fain be travelling. He didn't know where he was going, but he wanted to be on his way. The baby was wheeled to the police station.

William said the woman who left the baby was striking looking, had dark eyes and hair and was handsomely dressed. The baby was also well dressed. Clay Adams, member of the firm, remembered a woman corresponding with the description had left a baby at the store about a year ago and had departed in the same mysterious fashion. The baby is at Bellevue Hospital.

VETERAN COMEDIAN DEAD.
John Dillon Expires at Age of Eighty-one in Chicago.

John Dillon, who thirty years ago was the favorite comedian of the Middle West, died of pneumonia in Chicago yesterday at the age of eighty-one. It was a manager of John Dillon on the circuit radiating out of Chicago to Omaha, Des Moines, Kansas City and such towns that Daniel and Gus Frohman discovered their genius for theatrical management.

John Dillon's stories, as told off the stage, were almost as famous as the tales attributed to Lincoln. Mr. Dillon had a wonderful facility of facial expression, which, added to his droll variations of voice, drew roars of laughter from audiences over the simplest of his utterances.

THE SECRET OF SUCCESS
Genuine Merit Required to Win the People's Confidence

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promise of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been cured to those who are in need of it.

In an interview on the subject a prominent local druggist, says "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows immediate results, as many of my customers testify. No other kidney remedy that I know of has so large a sale."

The success of Dr. Kilmer's Swamp-Root is due to the fact that it fulfills every wish in overcoming kidney, liver and bladder diseases, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

A free trial bottle will be sent by mail, absolutely free. Address Dr. Kilmer & Co., Binghamton, N. Y., and mention this paper. Regular size bottles sold at all druggists—50c and \$1.00.

PIMPLY? WELL, DON'T BE!
People Notice It. Drive Them On with Olive Tablets.

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The pimples will vanish after you have taken the tablets a few nights.

Nothing ever cleansed the blood, the bowels and the liver like Olive Tablets.

Olive Tablets are the only successful substitute for calomel—they oil the bowels, there's never any sickness or pain after taking them.

Olive Tablets do all that calomel does and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cured with "a dark brown tablet," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are made of pure vegetable compounds mixed with olive oil.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result.

Try them. Take one nightly for a week. Then look at yourself in the glass and see how you feel. 10c and 25c per box. The Olive Tablet Company, Columbus, O.
